

*BEFORE your visit to The Surgery Center at Lutheran*

Our pre-op nurse will contact you to complete your confidential and mandatory health history. This is required prior to your surgery date to avoid cancellation of your surgery. If it is more convenient you may contact the pre-op nurse by calling 303-301-7708.

**Please arrange for a responsible adult to drive you home from the Surgery Center and to listen to your post-operative instructions.**

**If you are receiving any sedation and/or anesthesia someone must stay with you for 24 hours after your surgery/procedure.**
